[2023 Actively Monitored Legislation Update](#)

The OC Chamber maintains an Actively Monitored Legislation list that impacts our region and member businesses. We have an active Government Relations Committee as well as a contracted lobbyist, Dennis Rasmussen, who works on our behalf in Annapolis. The committee maintains contact with our Eastern Shore delegation as well as federal representatives on issues that could impact our membership.

Save Restaurant Server Tips! Send an Email to Legislators Today!

The Maryland General Assembly is considering [Senate Bill 803](#) and [House Bill 1256](#), which would phase out Maryland's tip credit and ultimately require full-service restaurants to pay tip credit employees a minimum tip wage of \$15/hour instead of the \$3.63/hour allowed under current law. This would be devastating to full-service restaurants and would significantly reduce the earnings of tipped employees as most restaurants would be forced to replace customary tipping with a service charge due to the higher labor cost. A public hearing on this bill has been scheduled for March 2nd.

WE NEED TIPPED EMPLOYEES TO CONTACT LEGISLATORS NOW to help defeat this legislation that jeopardizes their tips. Full-service restaurants should share this important information with tipped employees and ask that they immediately contact lawmakers as part of our efforts to save restaurant server tips!

Tipped employees can [CLICK HERE](#) to easily send a message to their legislators (*this link will automatically identify legislative representatives using the address and zip code provided by servers and includes template message text that servers can also personalize*). Hearing directly from tipped employees is a CRUCIAL part of our efforts to persuade lawmakers to defeat this proposal.

JOIN THE CHAMBER ENERGY PURCHASING COOPERATIVE

Combine your usage with other members to receive lower rates

To learn more and schedule a **FREE** energy bill analysis, call 443-472-3870 or email joe@cqiassociates.com

The war and the economy continue to escalate utility prices to historic levels. Join The Chamber Energy Co-Op today! The OC Chamber has partnered with nationally recognized energy management experts and consultants, CQI Associates, to run the cooperative. The Chamber Energy Co-Op program provides competitive electric and natural gas rates for your business and your home.

By joining the Commercial Energy Purchasing Cooperative, you increase the purchasing power for all members, resulting in more affordable and consistent electric and natural gas rates. As a member, your organization's energy prices will be significantly lower than it's purchasing power as an individual business. There are NO FEES to join. One application covers ALL your electricity and natural gas accounts for ALL locations. **The Spring Campaign runs through March 3.**
